PRO™

SERIES OVERVIEW

GOOD

The PRO series roller cabinet was built specifically to meet the needs of entry-level techs needing plenty of storage space for their tool kit to grow into. Every element and dimension was built out of feedback from customers who use their boxes day in and day out. Features such as the extra deep 135mm top compartment for easy access to commonly used tools, and adding double drawer runners to the wide top and bottom drawers for added strength.

The PRO sets out to prove that even on a budget, you can afford the storage space you need.
